A. Full title of the plan and the address of the plan, if different from that of the issuer named below:

BOISE CASCADE CORPORATION SAVINGS AND SUPPLEMENTAL RETIREMENT PLAN

B. Name of the issuer of the securities held pursuant to the plan and the address of its principal executive office:

OFFICEMAX INCORPORATED 150 Pierce Road Itasca, IL 60143

KPMG LLP Suite 600 205 North 10th Street PO Box 7787 Boise, ID 83707-1787

Report of Independent Registered Public Accounting Firm

To the Board of Directors and the Retirement Committee of OfficeMax Incorporated (formerly Boise Cascade Corporation) and the Plan Administrator of the Boise Cascade Corporation Savings and Supplemental Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of the Boise Cascade Corporation Savings and Supplemental Retirement Plan (the Plan) as of December 27, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 27, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 27, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 27, 2004 in conformity with U.S. generally accepted accounting principles.

BOISE CASCADE CORPORATION SAVINGS AND SUPPLEMENTAL RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following brief description of the Boise Cascade Corporation Savings and Supplemental Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and to the Plan document for more complete information.

GENERAL. The Plan is a defined contribution plan containing a "cash or deferred arrangement" as described in Section 401(k) of the Internal Revenue Code of 1986 (Code) which, subject to eligibility requirements, covers all U.S. salaried and former salaried employees of OfficeMax Incorporated and its subsidiaries ("Company" or "we"), except for employees in our OfficeMax, Inc. retail subsidiary, which participate in the OfficeMax, Inc. Savings Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is intended to be an "individual account plan" in accordance with Section 404(c) of ERISA, and is intended to satisfy the requirements of Department of Labor Regulation § 2550.404c-1.

SALE OF FOREST PRODUCTS BUSINESS. On October 29, 2004, we sold our paper, forest products and timberland assets to affiliates of Boise Cascade, L.L.C., a new company formed by Madison Dearborn Partners LLC (the Sale). In connection with the Sale, Boise Cascade Corporation changed its company name to OfficeMax Incorporated.

As a result of the Sale, account balances of active employees of the forest products business were transferred during the Plan's 2004 fiscal year to new plans established by Boise Cascade, L.L.C. We also established a short Plan year beginning December 28, 2004, and ending December 31, 2004. Beginning January 1, 2005, the Plan year will be a calendar year.

PARTICIPANT CONTRIBUTIONS. Effective January 31, 2002, participants could contribute to the Plan, in whole percentages, 1% to 25% of eligible compensation subject to limitations set forth in the Code. As of January 1, 2005, participants not identified as highly compensated individuals may contribute to the Plan, in whole percentages, 1% to 50% of eligible compensation except that Puerto Rico participants may contribute 1% to 10% of eligible compensation. Highly compensated participants who have been classified as such for two or more years are restricted to 1% of eligible earnings. Prior to January 1, 2005, contributions could be made on a before-tax basis, after-tax basis, or both. After January 1, 2005, contributions may only be made on a before-tax basis.

COMPANY MATCH. For participants hired on or before October 31, 2003, once the participant is eligible to receive the Company match, the Company matches participant contributions through allocations of stock in the Employee Stock Ownership Plan (ESOP) component of the Plan. The Company made cash contributions to the ESOP component of the Plan through 2004 which, when aggregated with dividends paid on

the Company's Series D Convertible Preferred Stock (Preferred Stock) held in the ESOP, equaled the amount necessary to enable the trustee to make its regularly scheduled payments of principal and interest due on the term loan, proceeds of which were used by the trustee to acquire the Preferred Stock. The final loan payment was made on June 28, 2004, resulting in no further contributions of this kind being made to the Plan. However, the Company contributed additional cash equal to the amount needed to cash out retired shares for a short period in late 2003 and early 2004. The additional contributions ensured that there were enough shares available to allocate for Company match through the end of 2004. 85,019 shares remained in the ESOP at December 31, 2004, to be used for Company match in 2005. When all these shares are allocated, the Company match for those participants formerly receiving their match in shares will be made in cash.

Participants hired on or after November 1, 2003, receive their Company match in cash.

The Company match rate for plan years beginning prior to January 1, 2005, was at the rate of 70%, up to the first 6% of the participant's eligible compensation, and a rate of 50% for employee participants in our contract office supply business. Beginning January 1, 2005, the Company match rate is 50%, up to the first 6% of the participant's eligible compensation.

PARTICIPANT ACCOUNTS. Each participant's account is credited with the participant's contributions, Company match including the ESOP allocations (if applicable), and an allocation of Plan earnings and expenses based upon the relative account balances and investment funds in which the participant's account is invested. The benefit to which a participant is entitled upon retirement or termination of employment is the amount of the participant's vested account balance.

VESTING. Participants are immediately vested in their contributions and earnings thereon. Company matching contributions and earnings thereon vest after a three-year period. However, regardless of a participant's years of service or contribution, a participant is 100% vested upon his or her 65th birthday, death, or disability while employed, or termination of employment as a result of the sale or permanent closure of the participant's location or division. Amounts not fully vested are forfeited and used to reduce the amount of current company contributions to the Plan. The amount of forfeitures used to reduce company contributions for the year ended December 31, 2004, was \$412,041.

INVESTMENT OPTIONS. Upon enrollment in the Plan, participants may direct their contributions to any of the following investment options. The investment managers for each fund, as of the date of these financial statements, are listed below.

Self-Managed Fund

Individual participants

Investments in these funds include corporate debt and equity securities; interests in pooled or collective investment funds; mutual funds; interest rate contracts with banks, insurance companies, and corporations; and government obligations. Investments are made in accordance with guidelines in the Plan document, the Master Trust Agreement between State Street Bank and Trust Company, as trustee, and the Company, and in accordance with investment policies established by the Company and incorporated into investment management agreements with each investment manager. The Company sends participant contributions to the trustee as soon as administratively feasible and the trustee invests participants' contributions, and earnings thereon, among the investment funds as directed by each participant.

Participants have the right to change the amount of their contributions, the investment funds in which contributions are invested, and transfer existing account balances among the Plan's investment funds on a daily basis with some restrictions.

PARTICIPANT LOANS. For years prior to 2005, a participant may borrow the lesser of (1) \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, (2) 50% of his or her combined balance in the before-tax account balance, rollover account balance, and vested Company contribution account balance, or (3) the total market value of the participant's before-tax, after-tax and rollover account balances not invested in the Self-Managed Fund, with a minimum loan amount of \$1,000. Beginning January 1, 2005, a participant may borrow the lesser of (1) \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, or (2) 50% of his or her vested account balance in all contribution accounts not invested in the Self-Managed Fund account, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods ranging from one to ten years. Beginning January 1, 2005, new loans will be repayable over a maximum of five years. Prior to January 1, 2005, the plan administrator determined the interest rate, which was based on prevailing market conditions and fixed over the life of the note. As of January 1, 2005, the participant loan rate is tied to the Prime Rate plus 1% and is set once a month. Interest rates on loans outstanding at December 27, 2004 and December 27, 2003 ranged from 4.0% to 9.5%.

PARTICIPANT WITHDRAWALS. On termination of employment, where an account balance is greater than \$5,000, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals or payments over varying periods. On termination of employment, where an account balance is \$5,000 or less, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The \$5,000 limit is reduced to \$1,000 beginning March 28, 2005.

2. SUMMARY OF ACCOUNTING POLICIES

The Plan follows the significant accounting policies listed below:

BASIS OF ACCOUNTING. The financial statements of the Plan are prepared on the accrual method of accounting.

USE OF ESTIMATES. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS. Benefit payments to participants are recorded upon distribution.

EXPENSES. The Plan provides that all expenses of administration of the Plan shall be paid out of the assets of the Plan, except for those administration expenses paid by the Company. Substantially all expenses of administration of the Plan are paid by the Plan. Investment management fees and expenses incident to the purchase and sale of

securities incurred by the investment funds of the Plan are paid from the assets of the fund to which they relate.

TRANSFERS FROM OTHER PLANS. During the Plan year ended December 27, 2004, certain participants transferred their account balances from other tax-qualified profit sharing/401(k) plans sponsored by previous employers, or from one of the other savings/401(k) plans offered by the Company, into the Plan.

FINANCIAL INSTRUMENTS. The Plan offers a number of investment options including the OfficeMax Common Stock Fund and a variety of pooled investment funds, some of which are registered investment companies. The investment funds include U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. The Plan occasionally uses financial instruments, such as interest rate and stock index futures and foreign exchange contracts, to hedge interest rate, stock price, and foreign exchange exposure (see Note 4). Due to the level of risk associated with certain investment securities, it is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across ten participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the OfficeMax Common Stock Fund, which invests in securities of a single issuer.

PLAN TERMINATION

While the Company has not expressed any intention to do so, it has the right to terminate the Plan at any time. In the event of Plan termination, participants will become fully vested in their accounts.

4. OFFICEMAX MASTER TRUST

In 2003 and 2004, the Plan, together with the Boise Cascade Corporation Qualified Employee Savings Trust and Boise Cascade Corporation Retirement Savings Plan, and the Company's defined benefit plans, participated in the OfficeMax Master Trust (Master Trust) in proportion to its investment. The Plan's interest in the Master Trust is held by State Street Bank and Trust Company, the trustee. The fiscal year for the Master Trust ends on December 31, whereas the fiscal year for the Plan and the Company's other defined contribution plans referred to above, ends on December 27. At December 31, 2004 and 2003, the Plan's interest in the net assets of the Master Trust was approximately 29% and 35%. The investments presented in the following tables are stated at fair market value, except for the fully benefit responsive investment contracts recorded under "Fixed income securities," which are valued at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The assets and liabilities of the Master Trust as of December 31, 2004, are as follows:

The fair market value of the Plans' interest in the Master Trust is based on the beginning of year value of the Plans' interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Generally, quoted market prices are used to value investments in the Master Trust. Equities, some fixed income securities, publicly traded investment funds, and U.S. Government obligations are valued by reference to published market prices. Investments in certain restricted stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. If a quoted market price for restricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings less an appropriate discount. The multiple chosen is consistent with multiples of similar companies based on current market prices. The Company common stock held by the Plans is valued at its quoted market price. Participant loans are valued at cost, which approximates fair market value. The Series D Preferred Stock held by the ESOP component of the Master Trust is valued at \$45 per share, which represents the minimum amount at which it can be redeemed.

Fully benefit-responsive guaranteed investment contracts (GICs) and synthetic guaranteed investment contracts (synthetic GICs), pooled separate accounts, and other fixed income securities (together, the Contracts) held in the Master Trust are reported at

contract value as reported by the investment manager. The GICs are issued by a variety of insurance companies. The estimated fair value of the Contracts, based on current interest rates for similar investments with like maturities at December 31, 2004 and 2003, was approximately \$4,109,367 and \$15,881,375 more than the amounts reported. The synthetic GICs are investments that simulate the performance of a traditional GIC through the use of benefit-responsive wrapper contracts issued by insurance companies to provide market and cash flow protection at stated interest rates. The fair value of the synthetic GICs held in the Master Trust is comprised of wrappers totaling \$(115,107) and \$(457,336) as of December 31, 2004 and 2003, respectively.

The Contracts held in the Master Trust have fixed, floating, or variable rates. Floating interest rates are based on various market indices plus or minus fixed spreads and are reset on a quarterly basis. Variable interest rates are reset on a monthly, quarterly, semiannual, or annual basis based on the performance of underlying securities, additional contract deposits or withdrawals, and the current level of market interest rates. Floating and variable interest rates are guaranteed not to fall below 0% and are backed by the issuer's general account. At December 31, 2004 and 2003, the stated interest rate for the Contracts ranged from .93% to 6.70%. The effective yields during these periods were 4.52% to 4.66%. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans participating in the Master Trust based upon balances invested by each plan. Net appreciation (depreciation) in fair value of investments represents (i) the difference between fair value at the beginning and end of the year and (ii) the difference between the proceeds received from the sale of investments and the fair value at the beginning of the year of such investments.

The Company manages a small portion of the defined benefit plan assets in the Master Trust, which includes all of the limited partnership investments, and the remainder is managed by investment advisors. Investment parameters have been established by the Company, which must be followed by the investment advisors. The investment advisors are monitored and evaluated regularly by the Company.

Certain Master Trust investments are shares of mutual funds managed by State Street Global Advisors, a division of State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Master Trust and, therefore, these transactions qualify as party in interest. Fees paid by the Master Trust for investment management services amounted to \$61,535 for the year ended December 31, 2004.

Total administrative expenses of investment management fees, PBGC premiums, recordkeeping fees and other administrative expenses totaled \$10,358,146 for the year ended December 31, 2004.

The following presents investments that represent 5 percent or more of the Master Trust's net assets:

	D 	ecember 31, 2004	De	ecember 31, 2003
OfficeMax Incorporated convertible preferred stock, 1,376,987 and 4,117,827 shares, respectively*	\$	61,964,408	\$	185,302,219
SSGA S&P 500 Index Fund, 972,260 and 1,160,607 shares, respectively		215,048,444		231,457,610

^{*}Not participant directed.

In 2004, investments in the Master Trust included foreign currency hedges and interest rate futures contracts related to certain U.S. Government obligations with underlying collateral of long-term U.S. Government bonds:

		December 31, 2004					
		Notional Amount	_	Contract Value	_	Fair Value	
Pound Sterling	0.11	0.400.000	Φ.	4 000 005	Φ	4 550 757	
Swiss Franc	Sold	2,400,000	\$	4,398,885	\$	4,550,757	
Sold U.S. Treasury	Sold	3,700,000	\$	3,211,703	\$	3,314,262	
futures	Bought Sold	54,300,000 79,800,000	\$	60,331,111 88,651,861	\$	60,273,000 88,166,000	

In 2003, investments in the Master Trust included interest rate futures contracts related to certain U.S. Government obligations and stock index futures with underlying collateral of short-term U.S. Government T-bills:

		December 31, 2003					
		Notional Contract Fair Amount Value Value					
U.S. Treasury futures Stock Index	Bought	112,500,000	\$	123,927,807	\$	123,930,359	
futures	Sold	132,250,000		115,164,060		115,166,150	

The fair value of the foreign currency hedges was determined by reference to published currency futures and the fair value of the U.S. Treasury futures was determined by reference to published interest rate futures. The fair value of the stock index futures was determined by reference to published index futures. Both types of futures and

foreign currency hedges are included in "Cash and cash items" in the assets and liabilities of the Master Trust. The changes in the fair value of the contracts are included in "U.S. Treasury and stock index futures" in the changes in the assets and liabilities of the Master Trust.

The Company participates in a security lending agreement with the trustee that requires borrowers pursuant to a securities loan agreement to deliver collateral to secure each securities loan. Such collateral must be delivered prior to or simultaneous with the trustee's delivery of the loaned securities to the borrower. Borrowers are further required to deliver collateral for each loan equal to: (1) in the case of loaned securities denominated in United States dollars or whose primary trading market is located in the United States or sovereign debt issued by foreign governments, 102% of the market value of the loaned securities; and (2) in the case of loaned securities not denominated in United States dollars or whose primary trading market is not located in the United States, 105% of the market value of the loaned securities. Income derived from the security lending agreement is credited to the underlying defined benefit and defined contribution plans.

5. EMPLOYEE STOCK OWNERSHIP PLAN FUND

On July 10, 1989, the Plan trustee acquired 6,745,347 shares of OfficeMax Incorporated (formerly Boise Cascade Corporation) Series D Convertible Preferred Stock (Preferred Stock) for \$303,541,000 using proceeds from loans made or guaranteed by the Company. Shares of Preferred Stock are allocated to participants' accounts in accordance with the terms of the ESOP. Matching allocations were made to eligible participants' ESOP accounts equal in value at the time made in 2004, for employee participants not in the contract office supply business, at a rate of 70% of the participants' contributions to the Plan, up to the first 6% of the participant's eligible compensation, and at a rate of 50% for employee participants in our contract office supply business, up to the first 6% of the participant's eligible compensation. The Company made cash contributions to the ESOP component of the Plan through 2004 which, when aggregated with dividends paid on the Company's Series D Convertible Preferred Stock (Preferred Stock) held in the ESOP, equaled the amount necessary to enable the trustee to make its regularly scheduled payments of principal and interest due on the term loan, proceeds of which were used by the trustee to acquire the Preferred Stock. The final loan payment was made on June 28, 2004, resulting in no further contributions of this kind being made to the Plan. However, the Company contributed additional cash equal to the amount needed to cash out retired shares for a short period in late 2003 and early 2004. This allowed the retired shares to stay in the ESOP and be reissued for use as company match. The purpose of making the additional contributions was to make certain that there were enough shares available to allocate for company match through the end of 2004. A small balance of 85,019 recycled shares remained in the ESOP to be allocated at December 31, 2004, and will be used for company match in 2005. The matching rate for all participants in 2005 is 50%, up to the first 6% of the participant's eligible compensation. When the shares run out, the Company match will be made in cash.

Plan's trustee at any time into Common Stock at a conversion ratio of .80357 share of Common Stock for each share of Preferred Stock, and pays an annual dividend, in semiannual installments, of \$3.31875 per share. Subject to certain restrictions prior to June 28, 1993, and at any time thereafter, the Company can redeem the Preferred Stock. The Preferred Stock may not be redeemed for less than the \$45 per share liquidation preference. At December 27, 2004 and 2003, the Preferred Stock was valued at \$45 per share, which represents the minimum amount at which it can be redeemed.

The Preferred Stock is held by the trustee in a separate "ESOP Suspense Account" and is pledged as collateral for any remaining unpaid portion of the loan drawn by the trustee to fund the ESOP (ESOP Loan). At December 27, 2004, there were no shares of Preferred Stock held in the ESOP Suspense Account to be allocated to participants, since the ESOP loan was paid off June 28, 2004. At December 31, 2003, the ESOP Suspense Account held 535,390 shares of Preferred Stock including 133,210 shares committed to be allocated to participants.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on August 18, 2003, wherein the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since filing for the determination letter. However, the Company believes that the Plan, as modified, continues to be in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Company believes that the Plan was qualified and the related Master Trust was tax exempt as of the financial statement date.

7. RECONCILIATION TO FORM 5500

As of December 27, 2004 and December 27, 2003, the Plan had approximately \$884,021 and \$3,393 of pending distributions to participants who elected to withdraw from the Plan. These amounts are recorded as a liability in the Plan's Form 5500 in accordance with the instructions to that Form; however, these amounts are not recorded as a liability in the accompanying statements of net assets available for benefits in accordance with U.S. generally accepted accounting principles.

The following tables reconcile net assets available for benefits for the years ended December 27, 2004 and December 27, 2003, and contributions, transfers from other plans and participant withdrawals for the year ended December 27, 2004, per the financial statements to the Form 5500:

	20	04
	Participant Withdrawals	Net Assets Available for Benefits
Per financial statements Accrued benefits payable to participants Reversal of prior year benefits payable accrual Interplan transfers out classified separately in Form 5500 Per Form 5500	\$ 69,551,459 884,021 (3,393) (373,195) \$ 70,058,892	\$ 496,410,788 (884,021) - - \$ 495,526,767
		2003 Net Assets Available for Benefits
Per financial statements Accrued benefits payable to participants Per Form 5500		\$ 821,908,021 (3,393) \$ 821,904,628
	20	04
	Contributions	Transfers from other plans
Per financial statements Rollovers classified separately on Form 5500 Per Form 5500	\$ 52,637,762 1,564,769 \$ 54,202,531	\$ 2,793,103 (1,564,769) \$ 1,228,334

8. SUBSEQUENT EVENT

On December 31, 2004, the Company merged the Boise Cascade Corporation Qualified Employee Savings Trust, Boise Cascade Corporation Retirement Savings Plan and OfficeMax, Inc. Savings Plan into the Boise Cascade Corporation Savings and Supplemental Retirement Plan. This left the Company with one consolidated savings plan. The resulting combined Boise Cascade Corporation Savings and Supplemental Retirement Plan was moved out of the OfficeMax Master Trust effective January 1, 2005, and renamed the OfficeMax Savings Plan. The Plan is now part of a bundled service arrangement at Citistreet Investment Services, with new investment options and a trust arrangement separate from the Master Trust.

SIGNATURES

The Plan. Pursuant to the requirements of the Securities Exchange Act of 1934, the trustees (or other persons who administer the employee benefit plan) have duly caused this annual report to be signed on its behalf by the undersigned hereunto duly authorized.
